Leaving the track and rejoining

All Drivers and Competitors are reminded about Art 3.6.2c) of the 2024 FIA CIK Code of Driving Conduct, specifying:

Driver must use the track at all Time, the track is defined by white lines defining the track edges. Should a kart leave the track for any reason, the driver may rejoin. However this may only be done when it is safe to do so and without any lasting advantage.

At further discretion of the Race Director and Judge of Facts, this should be interpreted as rejoining at the same area where the Kart has left the track without short cutting any part of the race track.

A breach of this will lead to a DQ of the specific session.
